

College Prep + Honors Diploma Planning Chart

This course of study meets minimum requirement for most colleges and is beyond the basic requirements for graduation in MD. Students must maintain a 3.5 weighted cumulative GPA. A minimum of 23 total credits are required. The number of credits and courses marked with an * are required. The number of credits and courses in parenthesis are recommended. Use this form to plan and chart your HS program. In the grade level, "X" off the course(s) you plan to take in that grade. When the year is completed, change the "X" to the grade earned. Total at the bottom. See your advisor for help.
