

Standard Diploma Planning Chart

A minimum of **23** total credits are required. The number of credits and courses marked with an * are required. The number of credits and courses in parenthesis are recommended. Use this form to plan and chart your HS program. In the grade level, "X" off the course(s) you plan to take in that grade. When the year is completed, change the "X" mark to the grade earned. Count the classes for each year and total at the bottom. See your advisor for help.

Refer to Advanced Tech Ed list for ideas (if opting to complete in lieu of World Language)
